

## **Baldwin Alumni Community Outreach**

Ana Hernández '07

Student at Syracuse University

Member of the Syracuse University MEDLIFE chapter

“Our mission is to help families achieve greater freedom from the constraints of poverty, empowering them to live healthier lives. Our patients did not choose to be poor, but they have chosen to strive toward a better life; MEDLIFE stands beside them in this pursuit. We aim to achieve this goal through partnering with motivated individuals in poor communities working to improve their access to MEDs: Medicine, Education and community Development. MEDLIFE believes access to quality healthcare is a basic human right. To this end, we commit our time, resources, knowledge and hope to bring Medicine, Education and Development to Low Income Families Everywhere.”

Ana wanted to let us know that the Syracuse chapter will be visiting Peru and Ecuador start spring break – summer. “In order to make this possible we need as many donations from people. The donations can be made via the MEDLIFE website. The donations don’t just help the people of these countries, but the students attending the trip. For any X amount that is donated, 50% will go towards the students’ program fees. Besides donations we also welcome doctors who want to come with us on the trip and give us a hand as well any types of medications. We accept anything that they feel would be useful.

Thank you

Ana Hernandez

## Help Haiti

---

Haiti and its people are suffering and will continue to suffer for many days, months and maybe years. The scars of what has happened will not be erased. It is at a time like this when we should all remember the words from that person who gave her life to others.

“To keep a lamp burning we have to keep putting oil in it” Mother Teresa.
